

Sounds of the Week

This week the children practised saying the sounds they have learned and wrote them from memory. They played lots of games to help them hear the first sounds of names of objects. Here is a link for you to practise these at home.

Space

Using our class text 'Whatever Next' as a stimulus, we began to learn about space this week. We learned new vocabulary such as planet, moon, stars, astronaut, spacesuit and space station. The children designed their own rockets and thought about what they would pack in their bags for the long journey into space!

In Maths this week the children have been learning to know how we use money. They have been recognising different coins and describing them. They have been practising buying different objects using a number of pennies.

How can you help your child with their learning?

Let your child explore coins at home. Sort them by size, colour, or number and talk about what they are used for.

Five Little Men in a Flying Saucer

Five little men in a flying saucer,
Flew round the Earth one day.
They looked left and right but they didn't like the sight,
So one man flew away.

Four little men in a flying saucer,
Flew round the Earth one day.
They looked left and right but they didn't like the sight,
So one man flew away.

Three little men in a flying saucer,
Flew round the Earth one day.
They looked left and right but they didn't like the sight,
So one man flew away.

Two little men in a flying saucer,
Flew round the Earth one day.
They looked left and right but they didn't like the sight,
So one man flew away.

One little man in a flying saucer,
Flew round the Earth one day.
He looked left and right but he didn't like the sight,
So one man flew away.
