Go, shine in
the world &
live as Jesus
lived

Dear Parents and Carers,

Congratulations to **St Joseph's football team** for showing fantastic sportsmanship at this term's partnership football tournament. You made us all very proud!

This week, Year 5 and Year 6 took part in important **safety workshops**. They learned about staying safe online and discussed how to avoid anti-social behaviour, including the dangers of gangs.

Don't forget to check the **dates** on the next page for all the exciting **Christmas events** happening over the next month. We can't wait to celebrate some of them with you!

Best wishes, Ms O'Donovan (Head of School) and Ms Richardson (Executive Head of School)

Work of the Week...

Each week, a fantastic piece of children's work is proudly showcased in our school lobby. We encourage you to stop by and take a look—it's always inspiring to see the effort and achievements of our pupils!

This week in Year Five, we have been exploring **Pax** and how authors bring scenes to life. **Shea** wrote a fantastic recount, sharing her character's thoughts and feelings with great detail and using a variety of punctuation. Her handwriting is neat and joined-up, making her work a pleasure to read. **Well done, Shea!**

Our Prayer...

Heavenly Father,

Thank You for the gift of this day and for our school community.
Help us to show **kindness** to one another, to learn with joy, and to share Your love in all we do.
Bless our families and friends, and guide us to make good choices every day.
We ask this through Christ our Lord.

Amen.

Don't let a little worry turn into a big one...

If you or your child are worried about something or have any questions, please phone the school office and book an appointment to see their class teacher, Ms Charles-Merrifield or Ms O'Donovan.

We are always really pleased to meet with you and chat things through.

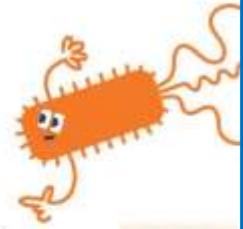

Make science fun with our interactive website for children.

Discover experiments, activities and quizzes that spark wonder about the world and how it works.

Jump inside our labs and start exploring.
